

## RAJAGIRI COLLEGE OF SOCIAL SCIENCES (AUTONOMOUS)

### CAPACITY DEVELOPMENT AND SKILL ENHANCEMENT ACTIVITIES

#### AWARENESS OF TRENDS IN TECHNOLOGY

##### 1. EXCEL AND SPSS WORKSHOP BY Mrs. BLESSY PAUL, JUNE 3-6, 2023

From 03/06/2023 - 06/06/2023, a highly informative workshop on “Excel and SPSS” for data analytics was conducted by Mrs. Blessy Paul. The workshop aimed to equip the participants, including our class, with essential skills in data analysis using these powerful tools. The session covered a wide range of topics, starting from basic Excel operations to advanced techniques such as pivot tables, pivot charts, statistical analysis, and SPSS modeling and forecasting.

##### 2. FULL STACK WEB DEVELOPMENT SESSION BY Ms. ANN RIJA, JUNE 2-7, 2023

From 02/06/2023 to 07/06/2023, Ms. Ann Rija delivered an engaging and informative session on “Full Stack Web Development: -Django”, focusing on its application in full stack web development. The session aimed to equip participants with a comprehensive understanding of the Django framework and its integration with front-end technologies. Ms. Ann Rija emphasized the significance of front-end integration and demonstrated how Django seamlessly works with popular frameworks like HTML, CSS, and JavaScript. Participants learned about the powerful templating engine in Django that enables dynamic

content rendering—through her expertise and hands-on approach, helped students to effectively cover the key concepts and industry best practices in Django development.

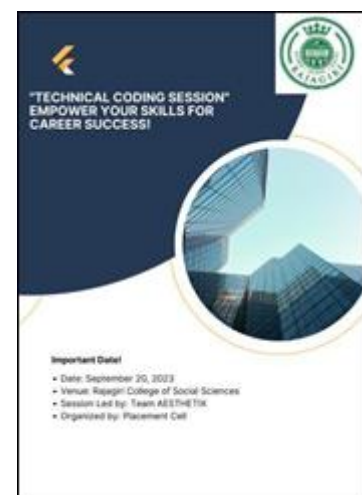

### 3. ADVANCED EXCEL TRAINING COURSE, JULY 19TH 2023- AUGUST 11TH 2023

The Department of Commerce and Professional Studies, in association with the ICT Academy of Kerala, offered a 30-hour value-added course on Advanced Excel to undergraduate students of the B.Com and BBA programs. A total of 175 students from both programs enrolled in the course. The training covered a broad spectrum of topics, ranging from basic skills like creating and formatting spreadsheets to more advanced techniques such as data analysis, pivot tables, and macros. The course also included hands-on exercises and real-world examples, helping learners apply the skills they acquired in practical scenarios.

### 4. TECHNICAL CODING SESSION BY AESTHETIX, SEPTEMBER 20, 2023

On September 20, 2023, the team from AESTHETIX conducted a coding session where participants learned about building a resume and being ready for interviews. The Placement Cell of Rajagiri College of Social Sciences organized a one-day Placement Training Program on 20/09/2023 at the college premises. The program aimed to equip students with essential skills and knowledge to enhance

their employability and succeed in the competitive job market. The training included various activities such as group discussions and resume building exercises.

## 8. RELEVANCE OF AI FOR VIKSIT BHARAT@2047, FEBRUARY 27, 2024

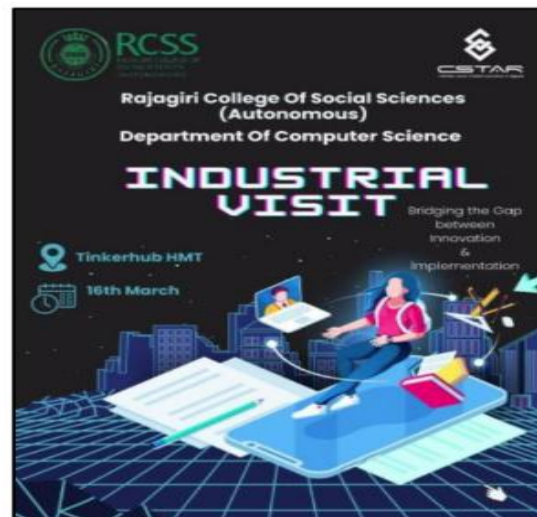

In pursuit of realizing the vision set forth by the esteemed Prime Minister of India, Shri Narendra Modi, and aligning with the Ministry of Education, Government of India, in partnership with AICTE, a series of seminars are being organized across the country. The

aim is to deliberate on transformative changes essential for laying the groundwork for the development of Viksit Bharat by the year 2047. Continuing the series, an event titled "Relevance of AI for Viksit Bharat@2047" was conducted on February 27, 2024, at Rajagiri College of Social Sciences (Autonomous), Rajagiri P.O, Kalamassery, Cochin. Mr. Vikas Suresh, Associate Vice President of Data Engineering AI and Automation at Litmus7 Technologies, served as the guest speaker for the occasion.

**9. INDUSTRIAL VISIT TO TINKER HUB, CUSAT, KALAMASSERY, MARCH 16, 2024**

On 16/3/2024, a team of 25 students from Department of computer science, Rajagiri College of Social Sciences (Autonomous) visited TinkerHub located at Cochin University of Science and Technology (CUSAT) in Kalamassery. The aim was to look into the most up-to-date ground-breaking technology as well as processes used in the field of digital fabrication and design. TinkerHub is a state-of-the-art

facility at CUSAT where innovation, creativity and hands-on learning experiences are encouraged in different technological areas. It acts as a home for students, researchers and enthusiasts who want to be updated on new concepts of technology, collaborate on projects or gain practical aptitudes.
